DECADE OF ALIENS HELD FOR SPECIAL INVESTIGATION

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Henry N. Barston, of the AM-SS HENRY R. MALLORY from Havana, Cuba, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, four in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brewer, polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

RECORD OF ALIENS HELD FOR SPECIAL INQUIRY.

AFFIDAVIT OF SURGEON

I, Thomas A. Wallace, Surgeon of the Amer. S.S. HENRY R. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of alien who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city, or town of intended future permanent residence, if within the United States, country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as well, husband, father, mother, or other relative, friend, steamship company, etc.

Column 16 (Whether in possession of \$20, and if not, how much).—The answer should give, in each case (individual or family), the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States, and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as 1891-1892, Philadelphia.

Column 18 (Whether going to join relative or friend, and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 19 (Whether going to join relative or friend, and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 20 to 23.—These questions are self-explanatory and the answers like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Dead tax status) — Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age) — The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex) — The entry should be either M (male) or F (female).

Column 6 (Married or single) — The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation) — The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as, for example, coal miner, stationary engineer, house painter, electrician, ironing engineer, house painter, carpenter, wood turner, etc., and not simply an employer, painter, molder, tanner, or other business designation.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the owner who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and customs clerks during the physical examination of alien passengers.

Column 8 (State to read and write) — This column should be filled and contain the following question: "Read what language for if exception is claimed, upon what ground?" In answering this question, the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the reason for such exemption should be given.

Column 9 (Nationality) — Question 9 should be answered to mean the country of which alien is a citizen or subject.

Column 10 (Race or people) — See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Second column should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be submitted to inspectors and customs clerks in this regard. For instance, French appearing under the head of country does not mean "French" by race or people, and similarly, "English" appearing under the head of race or people does not mean "English" by race or people. As French, German, or Italian alien is race or people, some under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people and Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuban or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from the West Indies, Africa, or South America, Europe, or Africa. Any alien with features of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy, i. e., inhabitants of Piedmont, Lombardy, Venetia, and Liguria and their descendants, whether residing in Italy, Southern Italy, American Islands, or any other country, should be classed as "Italian (north)". Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po, i. e., inhabitants of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi, and Molise, (excepting the Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)".

Column 11 (Last permanent residence) — An alien or intended alien should state the year and month of last permanent residence. The last month, in which alien resided with the intention of remaining one year or more, shall be the last permanent residence, regardless of length of actual residence. The answer in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that citizenship manifests accurately show country of last permanent residence, not country of birth, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a stay abroad should be recorded as "United States".

Column 12 (Name of nearest relative) — If no relative is living, give name and address of friend.

Column 13 (Final destination) — The answer to this question should show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, town or town of intended future permanent residence, if within the United States, country, if outside the United States.

Column 14 (Whether having intent to seek final destination) — The answer should be either Yes (checked) or No (checked).

Column 15 (By whom was passage paid) — The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16 (If under \$500, state of source) — The answer should give in each case and indicate source of the money brought by the alien. Money brought by the head of a family should not be first of source of the money brought by the family.

Column 17 (If under \$500, state of source) — The answer should show whether or not, and if so, when and where, the alien had been in the United States before, and if so, the year or period of years, and place, of such previous visit.

Column 18 (If under \$500, state of source) — The answer should show whether or not, and if so, what relative or friend, with name and complete address.

Column 19 (If under \$500, state of source) — These questions are self-explanatory and the answers, like all others on the sheet, are subject to inspection by inspection officers in the examination of aliens. However, in answering question 2, if alien has been employed within one year and the Secretary of Labor has authorized him to supply information, the authority for such employment should be given.

Since the 1990s, a number of studies have been devoted to the discovery of language pairs and the countries of which language or languages are most prevalent in the world. The results of these studies have been published in the form of atlases, maps, and other publications. The most recent of these is the *World Atlas of Language Distribution* (WALD) published by the Linguistic Cycles Project of the University of Cologne in 2001. The WALD is a comprehensive atlas of the world's languages, covering all major language families and subfamilies. It provides a detailed overview of the distribution of languages across the world, including the number of speakers, the geographical area, and the historical development of each language. The WALD is a valuable resource for linguists and other researchers interested in the study of language.

Column 1: Age.—The returned age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2: Sex.—The entry in column 4 should be either M (male) or F (female).

Column 3: Married or single.—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 4: Training or occupation.—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, ship engineer, stationary engineer, domestic engineer, mining engineer, house painter, steel pulper, iron miller, wood burner, etc., and not simply as engineer, painter, roofer, carter, or other indefinite designations.

A distinction should be made between *furnace* and *iron boilers*, regardless of the amount of money shown as follows:

Furnace is one who operates a furnace, either for himself or others.
Iron boiler is one who works on a boiler for the ones who operate it.

Steamship companies should make this distinction as they manifest, and correction should be made if necessary, by inspectors and treaty clerks during the personal examination of alien arrivals.

Column 5: Able to read and write.—Column 7 is subdivided and the entries thereon should be either Yes, You can read and write; No, No, I can neither read nor write; or Yes—No, can't read but can write.

Column 6: Nativeness.—Column 8 should be entered as land the country of which he claimed to be citizen or subject.

Column 7: List of names.—See list at close of book of this manifest. The name in column 9 shall show the true or people's name, as last.

Beyond nothing should be put in the distinction between race and nationality, and manifests should be carefully reviewed for misspelling and irregularities in first names. Last names ("Papa," "mother" or on a passport card and reasonably mean, "father," "mother," "people," or "people") "Papa" appearing on a manifest does not necessarily mean "Father." Be reasonable. As given by the Irish, German, or Slavonic, by early public property men, such as the founding of United Kingdom or any other company for immigration. In this connection the following restrictions should be specially observed:

The people who are native to the basin of the River Po in northern Italy, i. e. communities of Piedmont, Lombardy, Veneto, and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be called as Italian month.¹⁰ Most of these people speak a Gothic dialect of the Italian language.

The people who are native to that portion of Lakeside called the town of the River Bend, or confluence of the Tule, Yacoma, and Blaine Rivers, the Vernal and Mono, especially Ayala family and Calisto, Staley and Sandness and their descendants should be added to the survey.

There are two types of personnel. An armed soldier—no one you shall countenance, no one you shall employ. The first category is a soldier who cannot walk with the machine gun in his hands as he can walk with the first personnel machine gunner, a member of the armed personnel platoon. The soldier is allowed to shoot only the enemy, only in the case of personnel machines. It is dangerous for individual personnel that someone, completely unarmingly, will remove the first personnel machine's responsibility in carrying its weapons, machine gun, machine gun, etc.

Comment 11: Name and complete address of nearest relative of child in custody at residence given. The entry in column 11 should give name and address of such relative. If missing,

(c) *Section 4. Federal assistance.*—Federal loan guarantee assistance shall be the last distribution. An intended assistance of one year shall constitute permanent assistance. The money for federal assistance shall be distributed to the states, and the states shall be permitted assistance of up to the Federal share of a project, as provided in the Federal State

Figure 12: Finding the best α values for each time distribution. The entry in column 1 should be called α_{best} in the next table.

Question 18 *By whom was payment made?* The entry in column 1 should show designation by whom payment was paid, as son, husband, father, brother, cousin, relative, friend, stream, shop, contractor, etc.

[illegible]

Conclusion 1. Whether or not in the United States and elsewhere, the situation in column 17 should show, whether or not, Yes or No, to the United States before, and if so, the year, in period of government place, in, year, in Philadelphia.

Comment 18: Testing for a relative friend and a non-relative friend. The entry is colinear. It should show whether subject is either a relative or friend, and if so, what relative or friend, with relative and nonrelative codes.

the following conditions are satisfied:

- (i) $\lim_{n \rightarrow \infty} \frac{1}{n} \log \frac{1}{\lambda_n} = 0$; the sequence (ii) those coefficients are subject to review or by any other first output in the system and used a time.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 *Head of vessel*—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 *Age*—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 *Sex*—The entry should be either M (male) or F (female).

Column 6 *Married or single*—The answer should be M (married), S (single), W (widow), or D (divorced).

Column 7 *Calling or occupation*—The entry should describe as accurately as possible the occupation, trade, or profession of each alien named, as, for example: coal miner, stationary engineer, house painter, engineer, mining engineer, team driver, steel painter, iron worker, wood turner, etc., and not simply professional, publisher, teacher, farmer, or other indefinite descriptions.

A distinction should be made between farmhand and farm laborer, regardless of the amount of money shown as wages.

A farmer means who operates a farm, either for himself or for others.

A farm laborer is one who operates a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by the surgeon and master's clerk during the personal examination of each arrival.

Column 8 *How to read and write*—This column need not be filled and remains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the master or officer should state the alien is able to read and write. If alien is unable to read and write exemption from the reading requirement, the ground for such exemption should be given.

Column 9 *Age*—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 *Place of birth*—See list of races printed on back of this sheet. The entry should show the race and place of birth of each alien named.

Second answers should be given to the distinction between race and the country of which alien is subject, country of last permanent residence, and country of birth, and manifests should be carefully checked by inspectors and officers of the vessel in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people but, possibly, "French" appearing under the head of race or people does not mean "French" by country. An Irish, German, or Italian alien, by race, may properly come under the heading of English, Scotchman, or any other country. In his country the following instructions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

HISPANIC AMERICAN

"Hispanic American" refers to the peoples of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, Africa. Any alien with skin colored black of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy of the compartments of Piedmont, Lombardy, Veneto, and Liguria, and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a dialect distinct from the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po, the compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (south)".

Column 11 *Last permanent residence*—Actual or last permanent residence of one year shall constitute permanent residence. The last entry in which alien resided, with the indication of permanent one year residence, shall be the last permanent residence. It is important for statistical purposes that alien's last permanent residence be shown. It is important for statistical purposes that alien's last permanent residence be shown. It is important for statistical purposes that alien's last permanent residence be shown.

Column 12 *Name and residence of relatives of alien named*—The entry should give name and address of each relative. If no such relative living, give name and address of friend.

Column 13 *Place of destination*—The answer to this question shall show the intended future permanent residence. An alien's residence of one year shall constitute permanent residence. The alien should show the place, city, or town of intended future permanent residence, if within the United States; otherwise, the name of the country.

Column 14 *Whether having a ticket to such final destination*—The answer should be either Yes (ticket) or No (no ticket).

Column 15 *By whom was person paid*—The entry should show the name of the person by whom the alien was paid, as well as the name of the person by whom the alien was paid, as well as the name of the person by whom the alien was paid.

Column 16 *By whom was person paid*—The entry should show the name of the person by whom the alien was paid, as well as the name of the person by whom the alien was paid, as well as the name of the person by whom the alien was paid.

Column 17 *By whom was person paid*—The entry should show the name of the person by whom the alien was paid, as well as the name of the person by whom the alien was paid, as well as the name of the person by whom the alien was paid.

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian north." Most of these people speak a Gallic dialect of the Italic language.

Conclusion 1 is based primarily on *conclusion 2*. An extended residence-time variable could contribute to permanent residence. The last two items to which it also relates, with the exception of residence time as long as one hour, should be the two parameters, residence time and length of actual residence, respectively. The difference is defined to show the difference between actual and permanent residence. It is important for some work purposes that residence time is distinguished from permanent residence, independent of measures of temporary residence, respectively, of work.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Lead for status).—Steamship lines should make no entry in this column. The space is for use of Governmental officials only.

Column 4 (Age).—The amount in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

6. *Married a single* — The answer should be M (married), S (single), Wd (widowed), or Div (divorced).

[illegible]

A question that should be raised between farmers and farm labourers, regardless of the amount of money spent on the labour is:

A person who operates a farm, either for himself or for others.

Stress and strain are not the same. Stress is the force that is applied to a material. Strain is the deformation of the material in response to the stress. Stress is a scalar quantity, while strain is a vector quantity.

If $\text{dim}(V) = n$, V may be identified with \mathbb{R}^n . The column vectors of A are denoted by a_1, \dots, a_n .

IMPORTANT NOTICE TO MASTER.

The list described below shall be prepared and ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 680) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively held in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival, or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and in the event such fine is imposed, while it remains unpaid, nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION 3, RULE 10.

SECT. 3. Manifesting, registering, and identifying. (a) Arriving and departing seamen shall be manifested on the blank forms provided for that purpose by the department, in accordance with the terms of section 36. When an arriving seaman is a "workaway" a notation to that effect should be made upon the manifest.

(b) Clearance shall not be granted any vessel until the lists required by section 36 have been furnished, and not then unless notice of liability to the administrative fine prescribed in said section or to that prescribed by section 35 having been served, the deposit specified in Rule 28 said. 2) has been made.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head and status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 3 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 4 (Sex).—The entry should be either M (male) or F (female).
Column 5 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien named. For example: "railroad engineer, stationary engineer, house painter, printer, musician, farmer, laborer, etc." and not simply an occupation, trade, or profession. A distinction should be made between farmers and farm laborers, regardless of the amount of money shown in the column.
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction in the manifests, and corrections should be made, if necessary, by the inspectors and registry clerks during the preliminary examination of alien arrivals.
Column 8 (Place of birth and date).—This column is subdivided and contains the following questions: "Place of birth," "Date of birth," "Place of birth," "Date of birth." In answering these questions, the language of the alien is to be taken into consideration. If the alien is unable to read and write, the language of the alien is to be taken into consideration. If the alien is unable to read and write, the language of the alien is to be taken into consideration.
Column 9 (Vocational).—Question 9 should be answered to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people to which the alien belongs, and the country of which alien is a citizen or subject.
Special attention should be paid to the distinction between race and the country of which alien is a citizen or subject. For instance, "French" appearing under the heading of "Race or people" does not mean "French" by race or people, and, similarly, "French" appearing under the heading of "Country of birth" does not mean "French" by country. An Irish, German, or Italian alien, by the head of race or people, does not mean "French" by country. An Irish, German, or Italian alien, by the head of race or people, does not mean "French" by country. An Irish, German, or Italian alien, by the head of race or people, does not mean "French" by country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Friuli), and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Tuscany, Umbria, the Marches, Emilia, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia), and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.
Column 11 (Last permanent residence).—The last country in which alien resided with the intention of remaining one year or longer, or the last permanent residence, should be shown. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of alien who are permanent residents of the United States and are returning from a visit abroad should be reported "United States."
Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place and time of intended future permanent residence, if within the United States, or, if outside the United States.
Column 14 (Whether having a ticket to final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom and how paid).—The entry should show definitely by whom passage was paid, as well as the name of the carrier, and, if not paid by the carrier, the name of the person who paid. The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 16 (By whom and how paid in the United States, and if so, when and where).—The entries should show whether or not (Yes or No) in the United States, before, and if so, the year (or period of years) and place, and date (month and year) of payment.

Column 17 (By whom and how paid in the United States, and if so, when and where).—The answer should show whether or not (Yes or No) in the United States, before, and if so, the year (or period of years) and place, and date (month and year) of payment.

Column 18 (By whom and how paid in the United States, and if so, when and where).—The answer should show whether or not (Yes or No) in the United States, before, and if so, the year (or period of years) and place, and date (month and year) of payment.

Column 19 (By whom and how paid in the United States, and if so, when and where).—The answer should show whether or not (Yes or No) in the United States, before, and if so, the year (or period of years) and place, and date (month and year) of payment.

Record on this blank United States citizens and citizens of insular possessions of the United States arriving at a port of continental United States from a foreign port or a port of the insular possessions of the United States, and such citizens arriving at a port of said insular possessions from a foreign port, a port of continental United States, or a port of another insular possession.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head tax status).—Steamship lines should make no entries in this column. The space is for use of independent officials only.
Column 3 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 4 (Sex).—The entry should be either M (male) or F (female).
Column 5 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each person named, as, for example, coal miner, stationary engineer, farm machine engineer, machine engineer, house painter, steel painter, iron painter, wood turner, etc., and not simply as carpenter, painter, mason, farmer, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the owner, who operates it.
Steamship companies should make a check on the manifests and corrections should be made.
If necessary, the inspectors and agents should during the personal examination of alien arrivals.
Column 8 (Race or people).—This column is subdivided and contains the following question: "Read what language for if exemption is claimed upon what ground?" In answering this question the language in which the alien is able to read should be stated. If alien is unable to read and claims exemption from the landing requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race to which the alien is entitled to land.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully examined for typographical and printing errors in this regard. For instance, "French" appearing under the head of country, does not mean "French" as one of people, and, similarly, "French" appearing under the head of new or people does not mean "French" as country. As Irish, German, or Russian have by race must properly come under the heading of kindred, Switzerland, or any other country. In this connection the following distinctions should be especially observed:
CUBAN.
The term "Cuban" refers to the Cuban people (and Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, South or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be checked under this heading.

ITALIAN (NORTH)

The people who are native to the north of Italy south of the River Po, in northern Italy, in the departments of Piedmont, Lombardy, Veneto, and Friuli, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be checked as "Italian (North)". Most of these people speak a vulgar dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the River Po, in the departments of Piedmont, Lombardy, Veneto, and Friuli, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be checked as "Italian (South)". Most of these people speak a vulgar dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or assumed residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining permanently or indefinitely shall be the last permanent residence. If alien is a native born citizen of the United States, the entry should show the country and city or town of last permanent residence. If alien is a native born citizen of a country of temporary residence, the entry should show the country of last permanent residence (independent of country of temporary residence) and the city or town of last permanent residence.

Country of last permanent residence of alien who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States".

Column 12 (Name and complete address of nearest relative if found in country where alien is now).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show date, city, place, or town, of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom last passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (If alien in possession of gun, and if has been found).—The entry should show each gun (individual or family). The exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States and if so when and where).—The entry should show whether or not (Yes or No) in the United States before and if so, the year and period of years, and place, as 1891-1892, Philadelphia.

Column 19 (If alien going to join relative or friend and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 20 (Remarks).—These questions are self-explanatory and the answers like all others in the sheet, are subject to examination by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

I, C. H. Hadden (Master) of the H. Turialta, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of subdivisions 3 (a) and (b) of Immigration Rule 10 which appear below.

Sworn to before me this 7 day of July, 1921
H. S. Smith
 Immigrant Inspector

American Consulate, Kingston, Jamaica. July 2, 1921.

I certify that the visa below affixed to this crew list has been granted in accordance with regulations prescribed by the Dept. of State.

IMPORTANT NOTICE TO MASTER.

The list described below shall be prepared and ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 100) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively held in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival, or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of said alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereafter at the time of her departure, and also the names of those of any who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of five for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, vessels so required to pay shall not be permitted to depart until that clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION 3, RULE 10.

SECT. 3. Manifesting, mustering and identifying. (a) Arriving and departing seamen shall be manifested on the blank forms provided for that purpose by the department in accordance with the terms of section 36. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

(b) Clearance shall not be granted any vessel until the lists required by section 36 have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to the payment of such fine by section 36 having been served, the deposit specified in Rule 28, subd. 2, has been made.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head or status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 3 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 4 (Sex).—The entry should be either M (male) or F (female).
Column 5 (Married or single).—The answer should be M (married), S (single), Wd (widow), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as for example, civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (This to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

GERMAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

HISPANIC AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia, and their descendants, whether residing in Italy, Austria, Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be classed as "Italian (south)".

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States".

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (If holder in possession of fare, and of last, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not Yes or No in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 24.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

ITALIAN NORTH

The people who are native to the basin of the River Po in northern Italy is a conglomeration of the tribes of Cisalpine, Venetic, and Etruscan and their descendants, mostly speaking of Latin descent. In the Alpine region, on the other hand, there must be traced an Italian north. Most of these people speak a dialect of the Rhaetic language.

Master Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head for status).—Steamship lines should make no entries in this column. The space is for use of immigration officials only.
Column 4 (Age).—The ages in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each such arrival, as, for example, a coal engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as coal miner, painter, moulder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and customs clerks during the process of examination of alien arrivals.
Column 8 (Time to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or languages the alien is able to read should be stated. Exemption is made to read and claim exemption from the reading requirement. The ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race of each person in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be corrected by inspectors and customs clerks in this regard. For instance, "French" appearing under the heading "Race or people" does not mean "French" by race or people and, similarly, "Polish" appearing under the heading "Race or people" does not mean "Polish" by race or people. An Irish, German, or Italian race by race should properly be entered under the heading of Ireland, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH-AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. All alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect distinct of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Calabria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or assumed residence of one year shall constitute permanent residence. The last country in which an alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should show the country last city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town, of intended future permanent residence, if within the United States, or, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give to each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States, and if so, when and where).—The answer should show whether or not (Yes or No) in the United States before, and if so, the year or period of years and place, as, 1894 (see Philadelphia).

Column 19 (Whether going to join relative or friend, and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers like all others on the sheet, are subject to revision by immigration officers in the examination of alien manifests. However, in answering question 23, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Headstar status*).—Steamship lines should make no entries in this column. The space is for record Government ethnologists.

Column 4 (Age) — The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex) — The entry should be either M (male) or F (female).
Column 6 (Married or single) — The answer should be M (married), S (single), WD (widowed), or

Example 7 (Calling or occupation).—The entry should describe as accurately as possible the person's

(Class 7) (*Calling occupations*).—The entry should describe as accurately as possible the occupation, trade, or profession of a person arriving at, for example, Civil engineer, State surveyor, lecturer in commerce, nursing officer, dress-maker, etc.—When two distinct trades, professions, etc., are combined in one occupation, they should be separated by a comma.

metallic engraver, rubber engraver, brass polisher, steel polisher, iron heater, wood turner, etc., and not simply an engraver, polisher, heater, turner, or other indefinite designation.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown as follows:

A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.

Stenographic computations should make this distinction on the manuscript, and corrections should be made, if necessary, by inspectors and recovery clerks during the personal examination of alien assets.

Column 8, *Use to read and write*. This column is shaded red and contains the following question: "Read what language for, if exemption is claimed, upon what provisions?" In answering this question

the language of direct testimony is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for each exemption should be given.

Column 9: *Nationality* – Question 9 should be construed to mean the country of which alien is a citizen or subject.

(Column 1) *Race or people*—See list of races printed on back of this sheet. The entry should show the race or people the ancestor is an individual.

Special attention should be paid to the distinction between race and the country of which citizen or subject country of last permanent residence, and country of birth, and residence should be recorded.

subject country of the permanent residence and country of birth, and manifests should be given by name and by number and category, before in this regard. For instance, "James" appearing under the head of country, should not mean "French" because of country and nationality. "French" means one and

kind of posture, and not given "French" by race or people, and, similarly, "French" appearing under that brand of name or people does not mean "French" by country. An Irish, German, or Italian does by race or by country, and so does the Jew, but a Frenchman does not, because he is not a race, but a people.

from abroad, properly come within the heading of Foreign, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

Spanish American" refers to the novel *El conde de Montalvo* (1881) by José Martí.

Spanish American refers to the people of Central and South America of Spanish descent.

¹ 'African blacks' refers to the African Negro, whether coming from Africa or elsewhere. In this book, it is the Negro of the Americas who is meant.

I, HMS CESAR 1ST LIEUTENANT, of the ROUSSILLON, from HAVRE, do solemnly, sincerely, and truly SWEAR that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, FOUR in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 3 (Age).—The answer in this column should be expressed in years or months, the latter applicable only to those under 1 year of age.
Column 4 (Sex).—The entry should be either M (male) or F (female).
Column 5 (Married or single).—The answer should be M (married), S (single), W (widowed), or D (divorced).
Column 6 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as, for example: Civil engineer, stationary engineer, locomotive engineer, railway engineer, brick painter, glass painter, iron mender, wood turner, etc., and not simply an engineer, painter, molder, turner, or other too vague designation.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown as income.
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the farmer who operates it.
Steamship passengers should make their entries in the manifests, and corrections should be made, if necessary, by inspection and page 2 marks during the physical examination of alien arrivals.
Column 7 (Literacy and special tests).—This column is subdivided and contains the following question: "Used what language for, if exemption is claimed, upon what ground?" In answering this question the language or languages the alien is able to read should be stated. If alien is unable to read and claims exemption from the literacy requirement, the ground for such exemption should be given.
Column 8 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or races as given on said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised for comparison and correction in this regard. For instance, "French" appearing under the head of country of last permanent residence should be changed to "French" by race or people, and, similarly, "French" appearing under the head of race or people should be changed to "France" by country. An Irish, German, or Italian alien who has acquired property since the landing of England, Scotland, or any other country. In this connection the following instructions should be especially observed.

CHINA

The term "Chinese" refers to the Chinese people (not Nippon).

WEST INDIAN

"West Indian" refers to the people of the West Indian other than either Chinese or Negroes.

SPANISH-AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from either of the islands of the West Indies, South or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Liguria) and their descendants, whether born in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Toscana, the Marche, Umbria, Rome, the Abruzzi and Molise, Campania, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a dialect of the Italian language.

Column 11 (Last permanent residence).—A final or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entry in column 11 should show the country and city or town of last permanent residence. It is important to ascertain purposes that citizenship residence accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of alien who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town of intended future permanent residence, if within the United States, country, if outside the United States.

Column 14 (Whether having a ticket to each final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as well, however, whether brother or sister relative, friend, steamship company, etc.

Column 16 (If under a passport of one, and if not, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States, and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years, and place, as 1894-1895, Philadelphia).

Column 18 (If alien going to join relative or friend, and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 19 to 21.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, BRISSET PIERRE, Surgeon of the ROUSSILLON, SAILING THEREWITH, do solemnly, sincerely, and truly SWEAR that I have had SEVENTEEN years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of FACULTY OF PARIS, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, FOUR in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of any State, Territory, or insular possession, or who advocates the destruction of property, or who advocates the duty, necessity, or propriety of the unlawful assembling or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any State, Territory, or insular possession, or who advocates the duty, necessity, or propriety of the unlawful assembling or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any State, Territory, or insular possession.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, HUS. CESAR, 1ST LIEUTENANT, of the ROUSSILLON, from HAVRE, do solemnly, sincerely, and truly SWEAR that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, FOUR in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 8 day of July, 19 21, at NY, NY Officer.

 Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
 Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
 Column 5 (Sex).—The entry should be either M (male) or F (female).
 Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
 Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply an occupation polisher, moulder, turner, or other indefinite designation.
 A distinction should be made between farmers and farm laborers, regardless of the amount of money shown as wages.
 A farmer is one who operates a farm, either for himself or for others.
 A farm laborer is one who works on a farm for the man who operates it.
 Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
 Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
 Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
 Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people given in said list.
 Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Italian alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
 The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.
 "West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

HISPANIC AMERICAN.
 "Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).
 "African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, South or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Sardinia, Corsica, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia), and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States, country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16 (Whether in possession of \$5, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the seven law-abiding members of the family.

Column 18 (Whether ever before in the United States, and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 24.—These questions are self-explanatory and the answers, like all others on this sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, BRISSET PIERRE, Surgeon of the ROUSSILLON, SAILING THEREWITH do
solemnly, sincerely, and truly SWEAR that I have had SEVENTEEN years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of FACULTY OF PARIS
and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, FOUR in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

(Signature and title of immigration officer authorized to administer oaths)

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, HIS CESAR FIRST LIEUTANT, of the ROUSSILLON, from LE HAVRE, do solemnly, sincerely, and truly SWEAR that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, FOUR in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 8 day of July, 1921 at my E. B. Baker Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Headline status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 5 Sex — The entry should be either M (male) or F (female).

Column 6 (Married or single) - The answer should be M (married), S (single), Wd (widowed), or Div (divorced).

(c) *Calling or occupation*—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: (1) rail engineer, stationary engineer, locomotive engineer, railway engineer, brass polisher, steel polisher, tin welder, wood turner, etc., and not simply as engineer, painter, welder, turner, or other obsolete designations.

A farmer is one who operates a farm, either for himself or for others.

if necessary, by the members and registry clerks during the prescribed accounting period.

"Read what happens for if exemption is claimed upon what proposed." In answering this question

6. *Country of Autonomy*. — Question 9 should be construed to mean the country of which alien is a citizen or subject.

the race or people as given in need list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully noted by passport and registry works in this regard. The same should be observed by the

and, if possible, to the country, back in this regard. For instance, "France" appearing under the head of country, does not imply "French" by race or people, and, similarly, "Irish" appearing under the head of race or people does not mean "Irish" by country. As Irish, German, or Italian is used by race, and not by country, some under the heading of England, Switzerland, or any other country. In this connection the following distinction should be occasionally observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

*"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN / BLACK .

"African blood" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, South or South American, Europe or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

AFFIDAVIT OF SURGEON

I, GRISSET PIERRE, Surgeon of the ROUSSILLON, SAILING THEREWITH, do solemnly, sincerely, and truly SWEAR that I have had SEVENTEEN years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of FACULTY OF PARIS, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, FOUR in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, HIS CESAR 1ST LIEUTENANT, of the ROUSSILLON, from LE HAVRE, do
(State whether Master, Pilot, or Second Officer)
solemnly, sincerely, and truly SWEAR that I have caused the surgeon of said vessel sailing therewith, or the surgeon
employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the
foregoing Lists or Manifest Sheets, FOUR in number, and that from the report of said surgeon and from my own
investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by
section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in
said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age) - The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Married or single).—The answer should be M (married) or S (single). Widowers should be marked M.

7 *Calling e: occupation* — The entry should describe as accurately as possible the manner

11. *Occupation*. — The entry should describe as accurately as possible the occupation, trade, or profession of the person listed, as, for example, civil engineer, stationery engineer, locomotive engineer, mining engineer, brass polisher, steel roller, iron molder, wood turner, etc., and not simply, an engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farm laborer is one who works on a farm for the man who operates it.

Secondary comparison should make this distinction on the materials, and corrections should be made, if necessary, by Inspector and registry clerk's during the personal examination of alien records.

Column 8: *Due to read and write*. This column is subdivided and contains the following question: "Read what law, rule (or if exemption is claimed, upon what ground)?" In answering this question

the language or dialect the alien is able to read should be stated. If (s)he is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9, *Nationality*.—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10. *Line* or *people*.—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject country of last permanent residence and country of birth and ancestry should be considered.

subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the heading of country of last permanent residence, or "Germany" appearing under heading of country of birth, should be noted as such, and the following question should be asked:

Word of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew whom by race might properly name under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CERAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to this people of Central and South America of Spanish descent.

AFRICAN (BLACK)

*"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Friuli) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a *Gaulic* dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marche, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as Italian, south-

persons who had one or more permanent residences should be classed as "foreign born," and persons who had two or more permanent residences should be classed as "foreign born, multiple residences." The last country in which a person had a permanent residence one year shall constitute the country of birth. The last permanent residence, regardless of length of stay, shall constitute the country of residence one year. If a person had no permanent residence one year, the country of birth shall be the country of residence one year. It is important for statistical purposes that citizenship and country of birth be independent of country of temporary residence, country of birth, nationality or race.

Country of last permanent residence of alien who is permanent resident of the United States and are relatives from a visit abroad should be recorded "United States."

Column 12 Name and address of closest relative living in country whence alien came.—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

(column 13: *Final destination*) — The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town, of intended future permanent residence, if within the United States; country, city, town, village, and county, if outside the United States.

(Column 16) Whether having a ticket to such final destination. The answer should be either Yes (ticket) or No (no ticket).

(column 16) *By whom was passage paid*—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, stewardship company, etc.

Column F. Whether in possession of \$10, and if less, how much. The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18. *Whether ever before in the United States, and if so, when and where*—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1891-1897, Philadelphia.

(Column 19) *Whether going to join relative or friend; and if so, what relative or friend* - The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

(Columns 29 to 33) — These questions are self-explanatory and the answers like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, BRISOT PIERRE, Surgeon of the ROUSSILLON, SAILING THEREWITH, do solemnly, sincerely, and truly SWEAR that I have had SEVENTEEN years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of FACULTY OF PARIS, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, ONE in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2: *Head tax status*.—Steamship lines should make no entries in this column. The space is for special Government officials only.
Column 3: *Age*.—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 4: *Sex*.—The entry should be either M (male) or F (female).
Column 5: *Married or single*.—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 6: *Calling or occupation*.—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as, for example, rail engineer, stationary engineer, house painter, painter, engineer, house painter, glass painter, steam fitter, wood turner, etc., and not simply a common name, such as farmer, laborer, or other undifferentiated description.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown as wages.
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the main subsistence.
Sufficient explanation should be made in the margin of the manifest, and corrections should be made, if necessary, by the boatman and by the surgeon during the personal examination of alien arrivals.
Column 7: *Place of birth*.—This column is subdivided and contains the following questions:
"Place of birth" (for all countries is entered, even when given). In answering this question the language of the country of birth of the alien should be stated. If the alien is a child of a foreigner, the language of the father should be stated. If the alien is a child of a foreigner, the language of the father should be stated. If the alien is a child of a foreigner, the language of the father should be stated.
Column 8: *Nationality*.—Question 7 should be construed to mean the country of which alien is a citizen or subject.
Column 9: *Line of people*.—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special questions should be asked to the distinction between race and the country of which citizen or subject, regardless of last permanent residence and country of birth, and manifest should be carefully checked by boatman and by surgeon in this regard. For instance, "French" appearing under the head of "people" does not mean "French" by race of people, and, similarly, "French" appearing under the head of "country of birth" does not mean "French" by country. An Irish, German, or Italian alien is, no doubt, properly entered under the heading of "English", "Swiss", or any other country. In this connection the following instructions should be especially observed:

An Irish, German, or Italian alien is, no doubt, properly entered under the heading of "English", "Swiss", or any other country. In this connection the following instructions should be especially observed:

EUROPEAN

The term "European" refers to the European people, not Negroes.

WEST INDIAN

"West Indian" refers to the peoples of the West Indies other than either Carib or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the peoples of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negroes, whether coming from the continent of Africa or from the West Indies, South America, Europe, or Africa. Any alien with admixture of blood of the African Negroes should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Friuli) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect distinct from the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a dialect distinct from the Italian language.

Column 11: *Last permanent residence*.—Actual or intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that stated in compact and accurately show country of last permanent residence independent of country of temporary residence; country of birth, nationality, or race.

Country of last permanent residence of alien who are permanent residents of the United States and are returning from a visit abroad should be reported "United States."

Column 12: *Name and complete address of nearest relative or friend in country whence alien came*.—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13: *Final destination*.—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the year, city or town of intended future permanent residence, if within the United States; or, if outside the United States.

Column 14: *Money brought on board*.—The answer should be either Yes (checked) or No (checked).

Column 15: *By whom was money paid*.—The entry should show definitely by whom passage was paid, vessel, land, hotel, location, or other relative, friend, steamship company, etc.

Column 16: *By whom was money paid*.—The entry should show definitely by whom passage was paid, vessel, land, hotel, location, or other relative, friend, steamship company, etc.

Column 17: *By whom was money paid*.—The entry should show definitely by whom passage was paid, vessel, land, hotel, location, or other relative, friend, steamship company, etc.

Column 18: *By whom was money paid*.—The entry should show definitely by whom passage was paid, vessel, land, hotel, location, or other relative, friend, steamship company, etc.

Column 19: *By whom was money paid*.—The entry should show definitely by whom passage was paid, vessel, land, hotel, location, or other relative, friend, steamship company, etc.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 30. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively held in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded; *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION 3, RULE 10.

be to be measured and compared, works in this manner. For instance, France. Appearing under the heading *France*, does the name *France* fit the name of people and, similarly, *French* appearing under the heading *French* people, does not mean "leave" by error. An Irish country, or the word also by rare use as people name under the heading of England, Scotland, or any other country. In this connection the following distinctions should be especially observed:

CHAS

The term "cuban" refers to the Cuban people and Negroes.

WEST INDIAN

^aWest Indian" refers to the peoples of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN BLACK

¹ African, the latter, the African Negroes, whether coming from the east or the west of the West Indies, North or South America, the latter, the African Negroes, when with admixture of blood of the African Negroes, or be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., constituents of Piedmont, Lombardy, Veneto, and Liguria) and those descending somewhat south, e. g. in the Savoy-land, Austria-Hungary, or any other country, should be classed as "Italian-ethnic." Most of these people speak a Gallic dialect of the Italian language.
